THE "EDMUNDS ACT."

AN ACT to amend section fifty-three hundred and fifty-two of the Revised Statutes of the United States, in reference to bigamy, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section fifty-three hundred and fifty-two of the Revised Statutes of the United States be, and the same is hereby, amended so as to read as follows, namely:

"Every person who has a husband or wife living who, in a Territory or other place over which the United States have exclusive jurisdiction, hereafter marries another, whether married or single, and any man who hereafter simultaneously, or on the same day, marries more than one woman, in a Territory or other place over which the United States have exclusive jurisdiction, is guilty of polygamy, and shall be punished by a fine of not more than five hundred dollars and by imprisonment for a term of not more than five years; but this section shall not extend to any person by reason of any former marriage whose husband or wife by such marriage shall have been absent for five successive years, and is not known to such person to be living, and is believed by such person to be dead, nor to any person by reason of any former marriage which shall have been dissolved by a valid decree of a competent court, nor to any person by reason of any former marriage which shall have been pronounced void by a valid decree of a competent court, on the ground of nullity of the marriage contract."

SEC. 2. That the foregoing provisions shall not affect the prosecution or punishment of any offense already committed against the section amended by the first section of this act.

SEC. 3. That if any male person, in a Territory or other place over which the United States have exclusive jurisdiction, hereafter cohabits with more than one woman, he shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not more than three hundred dollars, or by imprisonment for not more than six months, or by both said punishments, in the discretion of the court,

SEC. 4. That counts for any or all of the offenses named in sections one and three of this act may be joined in the same information or indictment.

SEC. 5. That in any prosecution for bigamy, polygamy, or unlawful cohabitation, under any statute of the United States, it shall be sufficient cause of challenge to any person drawn or summoned as a jurymen or talesman, first, that he is or has been living in the practice of bigamy, polygamy, or unlawful cohabitation with more than one woman, or that he is or has been guilty of an offense punishable by either of the foregoing sections, or by section fifty-three hundred

and fifty-two of the Revised Statutes of the United States, or the act of July first, eighteen hundred and sixty-two, entitled "An act to punish and prevent the practice of polygamy in the Territories of the United States and other places, and disapproving and annulling certain acts of the legislative assembly of the Territory of Utah," or, second, that he believes it right for a man to have more than one living and undivorced wife at the same time, or to live in the practice of cohabiting with more than one woman; and any person appearing or offered as a juror or talesman, and challenged on either of the foregoing grounds, may be questioned on his oath as to the existence of any such cause of challenge, and other evidence may be introduced bearing upon the question raised by such challenge; and this question shall be tried by the court. But as to the first ground of challenge before mentioned, the person challenged shall not be bound to answer if he shall say upon his oath that he declines on the ground that his answer may tend to criminate himself; and if he shall answer as to said first ground, his answer shall not be given in evidence in any criminal prosecution against him for any offense named in sections one or three of this act; but if he declines to answer on any ground, he shall be rejected as incompetent.

SEC. 6. That the President is hereby authorized to grant amnesty to such classes of offenders guilty of bigamy, polygamy, or unlawful cohabitation, before the passage of this act, on such conditions and under such limitations as he shall think proper; but no such amnesty shall have effect unless the conditions thereof shall be complied with.

SEC. 7. That the issue of bigamous or polygamous marriages, known as Mormon marriages, in cases in which such marriages have been solemnized according to the ceremonies of the Mormon sect, in any Territory of the United States, and such issue shall have been born before the first day of January, anno Domini eighteen hundred and eighty-three, are hereby legitimated.

SEC. 8. That no polygamist, bigamist, or any person cohabiting with more than one woman, and no woman cohabiting with any of the persons described as aforesaid in this section, in any Territory or other place over which the United States have exclusive jurisdiction, shall be entitled to vote at any election held in any such Territory or other place, or be eligible for election or appointment to or be entitled to hold any office or place of public trust, honor, or emolument in, under, or for any such Territory or place, or under the United States.

SEC. 9. That all the registration and election offices of every description in the Territory of Utah are hereby declared vacant, and each and every duty relating to the registration of voters, the conduct of elections, the receiving or rejection of votes, and the canvassing and returning of the same, and the issuing of certificates or other evidence of election in said Territory, shall, until other provi-

sions be made by the legislative assembly of said Territory as is hereinafter by this section provided, be performed under the existing laws of the United States and said Territory by proper persons, who shall be appointed to execute such offices and perform such duties by a board of five persons, to be appointed by the President, by and with the advice and consent of the Senate, not more than three of whom shall be members of one political party; and a majority of whom shall be a quorum. The members of said board so appointed by the President shall each receive a salary at the rate of three thousand dollars per annum, and shall continue in office until the legislative assembly of said Territory shall make provision for filling said offices as herein authorized. The secretary of the Territory shall be the secretary of said board, and keep a journal of its proceedings, and attest the action of said board under this section. The canvass and return of all the votes at elections in said Territory for members of the legislative assembly thereof shall also be returned to said board, which shall canvass all such returns and issue certificates of election for those persons who, being eligible for such election, shall appear to have been lawfully elected, which certificates shall be the only evidence of the right of such persons to sit in such assembly; *Provided*, That said board of five persons shall not exclude any person otherwise eligible to vote from the polls on account of any opinion such person may entertain on the subject of bigamy or polygamy, nor shall they refuse to count any such vote on account of the opinion of the person casting it on the subject of bigamy or polygamy; but each house of such assembly, after its organization, shall have power to decide upon the elections and qualifications of its members. And at, or after the first meeting of said legislative assembly whose members shall have been elected and returned according to the provisions of this act, said legislative assembly may make such laws, conformable to the organic act of said Territory and not inconsistent with other laws of the United States, as it shall deem proper concerning the filling of the offices in said Territory declared vacant by this act.

Approved, March 22, 1882.

REPORT
OF
THE UTAH COMMISSION.

OFFICE OF THE UTAH COMMISSION,
Salt Lake City, Utah, August 31, 1882.

DEAR SIR: The Commission appointed by the President, under the ninth section of "An act to amend section 5352 of the Revised Statutes of the United States, in reference to bigamy, and for other purposes," approved March 22, 1882, respectfully report: That all the members of the Commission met, by request of the chairman, at the city of Chicago, on the 11th of July, 1882, and remained in session several days. James R. Pettigrew, of Arkansas, a member of the Commission, was appointed temporary Secretary. After consultation and an examination and consideration of the laws of the United States and of the Territory of Utah pertaining to our duties, it was determined that nothing could be done in regard to the registration of voters and the conduct of any election in Utah until the necessary appropriation bills then pending in Congress should be passed. Accordingly, the Commission adjourned to meet at Omaha, Neb., on the 15th day of August, where the Commissioners met, and on the following day commenced their journey to this city, arriving here on the evening of the 18th instant.

On the day following a session was held for the transaction of business, Arthur L. Thomas, Secretary of the Territory, and ex-officio Secretary of the Commission, being present, and one or more sessions have been held each day since. A strong disposition with some of the non-Mormon citizens against preparing for the election of a Delegate in Congress manifested itself before the work of preparation therefor was commenced. But upon investigation as to the condition of affairs, and an examination as to the state of the law and the duty of the Commission thereunder, the following preamble and resolution was adopted:

Whereas it is provided by the Revised Statutes of the United States (section 1862) that every Territory shall have the right to send a Delegate to the House of Representatives of the United States, and as it is further provided (section 25) that such election shall be held in all the Territories of the United States on the Tuesday after the first Monday in November, 1882: Therefore,

Resolved, That in order to prepare for such election in the Territory of Utah on the day so established the Commission will proceed forthwith to appoint registration officers to revise the registration

lists, now on file in the office of the clerks of each of the several counties, in the manner required by law.

In pursuance of this resolution the Commission proceeded with great care and deliberation to prepare "rules and regulations" for the guidance of the registration and election officers to be appointed. This was a difficult and delicate task, because of the necessity of framing the rules and regulations governing the registration of voters and the conduct of the election to conform to the principles and requirements of the act of Congress as well as the laws of the Territory. We inclose a printed copy of the same, together with the forms of affidavits, etc., provided by the Commission.

The matter of the appointment of registration officers for the several counties in the Territories was then taken up, and one for each county has been duly appointed and commissioned. In addition to these a deputy or assistant in each voting precinct in the Territory will be immediately appointed. Our selections have and must necessarily be influenced in a considerable degree by suggestions and recommendations of leading citizens here. The embarrassments in this direction have been great, but the Commission have endeavored to secure the very best available men, rejecting, of course, all persons who are ineligible under the law.

From present indications it appears that that class of persons who are deprived of the right of suffrage by the act of Congress will not attempt to register or vote. These will number, male and female, probably 10,000 voters. Many of the non-Mormons have hitherto refrained from voting, but it is believed that at the November election they will cast a much larger vote than at any time heretofore. However, the business of the Commission, as understood by the members thereof, relates not to the questions of parties nor candidates, but to securing so far as possible a fair registration and an impartially conducted election under the law.

As before suggested, the Commission have encountered many embarrassments and complications. The opposition made at the outset by some non-Mormons of respectability and influence against holding the regular election for Delegate in Congress, as required by law, in November next, was an unpleasant feature of the situation. But there does not appear to be under the law any discretion whatever for the Commission. The law demanded an election. The people of the Territory were clearly entitled to representation in Congress, if the same could be secured through a due observance of the restrictions imposed in relation to bigamy and polygamy. We did not see how we could excuse the omission, if being present and prepared to proceed with the work assigned us we should not even attempt to perform this manifest duty, and so it was decided to proceed. It was not deemed advisable, even if the power was in the Commission, concerning which there is some doubt, to commence *de novo* a registration of the voters of the Territory; but after very careful considera-

tion it was decided to order a revision of the existing registration lists in September, as required by the Territorial law, applying to the same the governing principles of the Edmunds act.

We think the regularity of this proceeding cannot be questioned. Its effectiveness will be equal to an entirely new registration, and we believe the results of the election will so demonstrate. In the preparation of the rules and regulations to govern the registration and the conduct of the election, as before stated, the labor of assimilating the acts of Congress and the local election law, was tedious and perplexing, involving much greater responsibility than was agreeable to the Commission to assume; but to accomplish the results required by the provisions of section 8 of the Edmunds act it became necessary to use all the powers conferred.

A later embarrassment came in the form of a demand on the part of certain non-Mormon citizens of high character that the Commission should assume jurisdiction and decide the local statute authorizing women to vote to be illegal and void. We concluded that it was not competent for the Commission to repeal or modify that statute in the manner suggested; that the principle of female suffrage is, in no respect, in conflict with the purposes of the Edmunds law, and, therefore, that the Commission had nothing whatever to do with the subject; moreover, we found on investigation that this statute had been in force for twelve years without being adjudicated in the Courts of the Territory or disturbed by Congress. In conclusion, permit us to say that we believe the results to be reached through the careful registration already insured, and the impartial election which can hardly fail to follow, will be satisfactory to the government and the country.

In closing this report, it is due to the Territorial Secretary, who is ex-officio Secretary of the Commission, Mr. Arthur L. Thomas, to say that the Commission has received from him valuable assistance in its work, particularly in the matter of the selection of registration and other officers.

Very respectfully, your obedient servants,

ALEX. RAMSEY,
A. S. PADDOCK,
G. L. GODFREY,
A. B. CARLTON,
J. R. PETTIGREW,
Commissioners.

Hon. H. M. TELLER,
Secretary of the Interior, Washington, D. C.

OFFICE OF THE UTAH COMMISSION,
Salt Lake City, Utah, November 17, 1882.

SIR: The election for Delegate to Congress having been held in Utah Territory on the 7th inst., under the supervision of this Commission, we deem it proper to report to your department the progress made up to this time in the discharge of our trust.

Since our last report, dated August 31, we appointed a registration officer for each voting precinct of the several counties, and established some additional polling places, with a view of affording proper facilities for all the legal voters. In order to conform the local law, so far as practicable, to the requirements of the act of Congress, we were obliged to promulgate rules and regulations for the judges of election.

We next appointed judges of election, three for each polling place, about seven hundred and fifty in number. The local law requires that the judges shall be selected from both political parties, if practicable. Accordingly we selected them, in general, from both parties; but in some instances we were obliged to appoint all of them from the "Liberal party" or from the "People's party," because there were no eligible and qualified persons, so far as we were informed, in such precincts belonging to the other party. Commissions were sent to each of the judges (copies of which, together with the rules and regulations, are herewith inclosed).

In order to procure such information as we deemed useful to the government, we addressed circulars to the registrars, and from their responses we learn that the total number of registered voters is 33,266, of whom 18,772 are males, and 14,494 are females. From their reports it appears that about 12,000 men and women are excluded from registration by reason of polygamy.

Several of the counties of this Territory are quite large in area, some of them over a hundred miles long, sparsely inhabited, and difficult of access by mail or otherwise. This has occasioned considerable delay and extra exertion in preparing for the election and receiving the returns.

The anomalous condition of this country and its people, together with the inherent difficulty of adjusting the local laws to the act of Congress, are such that they imposed on us great care and deliberation, lest, on the one hand, we should go beyond the limits of the law, or, on the other hand, fall short of a vigorous and effective discharge of our duties.

In the absence of instructions or judicial decisions to aid us in the interpretation of the law prescribing our duties, we were obliged to construe it for ourselves, and in doing so we endeavored to conform to the well-known canons for the construction of statutes, having a due regard for the evident intention of Congress in this act, construed with other acts of Congress, *in pari materia*.

"Polygamists and bigamists," and persons "cohabiting with more than one woman," are, by section 8, to be excluded from voting and holding office.

Immediately upon addressing ourselves to the discharge of our duties, we were obliged to consider the scope and extent of this exclusion.

Did Congress intend that those only should be excluded, who, *at the very time* of the registration or election, were *then* living in polygamy, or in "unlawful cohabitation with more than one woman?" If so, such a construction would render this section a perfect nullity. The means of evasion are patent to the dullest comprehension. We therefore concluded that neither the letter nor spirit of the statute required such a narrow construction, and, in our published "Rules and Regulations," we gave the exclusion a wider scope and application.

We found that the local law prescribed a certain form of oath to be taken by persons applying to be registered as voters. We adopted this oath *verbatim*, adding a clause in regard to "polygamy and bigamy," and "unlawful cohabitation," which we considered it proper to do, in order to make the local law conform, so far as practicable, to the principles and requirements of the act of Congress.

In short, we were charged by the act of Congress with the duty of excluding from the polls and from eligibility to office, a certain class of persons. How this was to be done was not defined by the act.

Were we to exclude only those who had been convicted of the crime of polygamy in the Courts? This construction would have been derided by everybody in this Territory.

We concluded that it was the intention of Congress to leave it largely to the discretion of the Commission, to determine the means of discriminating between the legal and illegal voters. This we endeavored to do in part by the prescribed oath, which sets forth the various qualifications of a legal voter, *i. g.*, those in regard to age, residence, citizenship or naturalization, and freedom from the disqualifications imposed by act of Congress.

During the week before the November election the Commission made an order appointing five gentlemen of character and standing as a Board of Canvassers of the returns of the election for a Delegate to the Forty-eighth Congress (a copy of which order is enclosed herein). On the 16th day of November, 1882, the said Board of Canvassers met at the rooms of the Commission and canvassed the election returns, from which it appeared that John T. Caine had received 23,039 votes, and Philip T. Van Zile had received 4,884 votes. John T. Caine having received a majority of all the legal votes, he was declared duly elected, and a certificate given accordingly.

Having reason to believe that it is expected by the Executive that this Commission will make suggestions as to any additional le-

gislation that may be needed to carry out the principles of the law under which the Commission was organized, we would state that, in our judgment, a marriage law enacted by Congress would be an efficient auxiliary in the suppression of polygamy. It is asserted, and generally believed by non-Mormons in this Territory, that plural marriage is still practiced here in secret. We would recommend that Congress enact a law declaring all future marriages in this Territory null and void, unless they are contracted and evidenced in the manner provided by the act. For example: That all marriages shall be solemnized in certain designated public places; and witnessed by such persons, and registered in such public offices, as to make the proof of marriage morally certain; providing also, that the person officiating in the marriage ceremony, together with the parties and witnesses, shall make their affidavits against polygamy, and set forth the time and place and other particulars relating to the marriage. Or, allow marriages to be solemnized in private; but with the like guarantees of registration, affidavits, witnesses, etc., and in either case providing penalties for violation of the act by any of the persons concerned therein. In making this suggestion, we omit the details, which can readily be supplied by reference to the marriage acts of most of the States.

In our former report we adverted to the law of this Territory conferring on women the right of suffrage. This law was enacted by the Territorial Legislature some twelve years ago. Of course it is competent for Congress to repeal or annul this law. Without expressing any opinion on the question of women suffrage in general, we are satisfied that, owing to the peculiar state of affairs in Utah, this law is an obstruction to the speedy solution of the "vexed question."

In the prosecution of polygamy cases here it is difficult to prove the first or legal marriage. We would suggest, as a remedy, that the first or legal wife be declared by act of Congress a competent witness in such prosecutions.

Under the act of Congress, by virtue of whose provisions this Commission was appointed, the people of Utah appear to be put upon probation until a legislative assembly, elected under the provisions of the act, shall meet and pass the requisite laws concerning registration and election.

The election for members of the legislative assembly will be held next August, and that body will hold its next session in January, 1884. It is to be hoped that it will comprise a sufficient number of members who will be disposed to bring this Territory into harmony with the sentiments of the people of other parts of the country.

We have been engaged in the discharge of our trust, only a few months, not long enough to fully test the operation of the law as to its ultimate results. But, so far, it has been a decided success in ex-

cluding polygamists from the exercise of suffrage; and we are of the opinion that the steady and continued enforcement of the law will place polygamy in a condition of gradual extinction, and that the domination that is complained of by non-Mormons in Utah and elsewhere, will, at no distant day, be much ameliorated.

In accepting the trust committed to us, it was not expected by the Commission, and, we suppose, not anticipated by Congress nor the Executive Department of the Government, that the desired results would be accomplished at once nor in the brief space of a few months; but there is reason to believe that the operation of this law and other influences are setting strongly in the direction of reform, and that the hitherto dominant faction will be supplanted by "Young Utah" in the conduct of public affairs.

There is no doubt that the enactment of the law of Congress under which this Commission was appointed has agitated the public mind in this Territory to a remarkable degree. Hitherto there has been very little public discussion of political questions, and in general the people have not attended political meetings in large numbers. But we are gratified to find that in the "campaign" preceding the November election for Delegate to Congress, the people of all classes have manifested a lively interest in public affairs, and have attended the political meetings in large numbers. Many of these meetings have been held by both parties in various parts of the Territory, and able addresses have been delivered by speakers on both sides. It is an encouraging sign that many of the "Liberal" meetings have been largely attended by Mormons, and in many instances they have composed the chief part of the audiences. It is proper to add that so far as we have learned these meetings have been characterized by exceptional good order, good humor, and decorum. On Saturday night before the election both parties held large mass meetings in Salt Lake City, and vied with each other in the display of national flags and patriotic music.

Our attention has been called to the propriety of our recommending Congressional legislation of a radical character. But we are not inclined to advise such measures, unless upon further observation and experience the wisdom and necessity of such legislation shall be demonstrated.

The area of the Territory is 84,000 square miles. The population is about 150,000, about 40,000 being non-Mormons, many of whom are so-called apostates from the Mormon church.

The people are generally engaged in agricultural pursuits. Prior to the completion of the Union Pacific and Central Pacific railroads there were very few non-Mormon residents in the Territory. Since 1869 the business of mining has become an important interest, and from that time the total output is over \$60,000,000 in silver, lead, and gold.

There are also valuable deposits of coal, iron, copper, and other

minerals. The mines give employment to a great many persons, and have been the means of attracting a large non-Mormon population to the Territory. Many of the non-Mormons (or "Gentiles") are doing a prosperous business in banking, mining and mercantile pursuits.

The legislation of Congress, as we understand it, is not enacted against the religion of any portion of the people of this Territory. The law under which we are acting is directed against the crime of polygamy, for the extirpation of which this Commission will freely use all the powers delegated to us, and will from time to time suggest to the Government such supplemental legislation as may aid in suppressing this reproach to the civilization of this age and country.

We trust that this object will be accomplished without resorting to measures destructive to local self government, punishing the whole people, the innocent as well as the guilty, with political ostracism. At all events we are unwilling to advise such a course until the act of Congress under which we are acting shall be more fully tested. Besides, a proper respect for the legislative branch of the government would restrain us from impeaching the wisdom of their enactment at the very threshold of the work committed to us, and long before the time expressed in the act of Congress.

If, however, the next session of the legislative assembly, elected under the act of Congress, shall fail to respond to the will of the nation, Congress should have no hesitation in using extraordinary measures to compel the people of this Territory to obey the laws of the land.

For the Commission :

Very respectfully,

ALEX. RAMSEY,
Chairman.

HON. HENRY M. TELLER,
Secretary of the Interior, Washington, D. C.

The Commission, after due consideration, make the following order:

That any person, male or female, who, in violation of the Act of Congress, approved July 1st, 1862, (sec. 5352, Revised Statutes, United States), or who, in violation of section 1 of the Act of Congress, approved March 22d, 1882, entitled “An Act to amend Section 5352 of the Revised Statutes of the United States, in reference to bigamy, and for other purposes,” has entered into any of the relationships described in section 8 of said last named act, is not a legal voter, and cannot be registered.

And the Secretary of this Commission is directed to communicate this order to Mr. Bryan; and all other Registration Officers will take due notice of this order.

NOTE.—The following is section 8 of said act:

That no polygamist, bigamist, or any person cohabiting with more than one woman, and no woman cohabiting with any of the persons described as aforesaid in this section, in any Territory or other place over which the United States have exclusive jurisdiction, shall be entitled to vote at any election held in any such Territory or other place, or be eligible for election or appointment to or be entitled to hold any office or place of public trust, honor or emolument in, under or for any such Territory or place under the United States.

ORDER

ADOPTED BY THE UTAH COMMISSION, SEPTEMBER 6, 1882.

After due consideration ordered: That females who at the time of the naturalization of their parents are over the age of twenty-one years, and who have failed to comply with the naturalization laws, and who remain unmarried, cannot register or vote.

In answer to queries from Registration Officers, in substance as follows:

“Can any person, male or female, who lived in polygamous relations after July 1, 1862, register or vote?”

After due consideration the Commission answer, *No*.

On motion of Mr. Pettigrew,

“Ordered: That the Secretary of this Commission is hereby instructed to notify the various County Registration Officers to return to the Secretary of this Commission, after the registration lists have been prepared, the affidavits subscribed to by persons whose names are on said lists, and the provision of Rule 3, requiring the affidavits to be filed in the office of the Clerk or the County Court is hereby rescinded.”

Bailey, Registration Officer of Salt Lake County. I entered into a polygamous relation prior to July 1st, 1862, and continued in that relation until about the year 1871, at which date my first wife died, and I have since lived and cohabited with but one wife. I, therefore, claim that I have not entered into any marriage relation in violation of law, and that I am entitled to have my name appear on the list of registered voters of said precinct, and ask that the action of the Registration Officer for said county be reversed, and my name restored to the list of voters of said precinct."

After due consideration by the Commission it is ordered "that said William Jennings is within the meaning of Section 8 of the Act of Congress of March 22d, 1882, disqualified as a voter, and is therefore not entitled to register or vote."

THE AUGUST ELECTION, 1883.

ORDER OF THE COMMISSION.

Report of the Special Committee, and the order of the Commission, adopted June 13, 1883.

SALT LAKE CITY, June 13, 1883.

Alex. Ramsey, Chairman of the Commission:

SIR:—Your Committee appointed on May 7th to examine and report in relation to the offices to be filled at the August election 1883, respectfully report: That there are to be elected members of the Legislative Assembly in all the Legislative Districts of the Territory; and also certain county and precinct officers.

As to those officers who should have been elected at the August election in 1882, we find, that by law, some of them are to be elected for a certain number of years; some for a given term “and until their successors are *qualified*”; and some for a given term and “until their successors are *elected and qualified*.”

In regard to vacancies, and the time and manner of filing them, the local laws are difficult of construction in view of subsequent Congressional legislation. But in deference to the decision of the Supreme Court of Utah, as to vacancies, in the case of Kimball vs. Richards in 1882, sustaining the appointment of the Governor of Utah, we are of the opinion that all offices which should have been filled at the general election in 1882, are to be filled at the next general election in August, 1883, for the unexpired term.

We are further of the opinion that the offices of Territorial Superintendent of District Schools, Territorial Auditor of Public Accounts, Territorial Treasurer, and Commissioners to locate university lands, are under the Organic Act of the Territory of Utah, to be appointed by the Governor with the assent of the Legislative Council, and that the acts of the Legislative Assembly providing for filling those offices by an election of the people, are in conflict with said Organic Act, and are therefor invalid.

Respectfully,

A. B. CARLTON,
G. L. GODFREY,
Committee.

The report was adopted, and the following order made :

“That at the general election to be held on Monday, August 6, 1883, there are to be elected members of the Legislative Assembly

in the several Legislative Districts of the Territory, and also certain county and precinct officers. And that all county and precinct offices which should have been filled at the August election, 1882, are to be filled at the August election, 1883, for the unexpired term."

ORDER

OF THE COMMISSION, ADOPTED JUNE 18, 1883.

ORDERED, That there shall be appointed three Judges of Election for each municipal corporation of the Territory of Utah, in which municipal elections are to be held, one of whom shall be designated presiding Judge; provided, that in municipal corporations in which there are more than one election precinct, there shall be appointed three additional Judges for each of said precincts. The presiding Judge of each municipal election shall procure from the office of the Clerk of the County Court, at the expense of the city, a certified copy of the last preceding Registration List of the precinct or precincts in which said municipality is located, and if said lists have not been filed with the County Clerk he shall procure a certified copy from the Registration Officer of the county, and on the day designated by the City Charter he shall proceed to revise said list by erasing therefrom the names of all persons who have died, or removed from the precinct, or who are disqualified under the provisions of the Act of Congress approved March 22, 1882, entitled "An Act to amend Section 5352 of the Revised Statutes of the United States, in reference to bigamy, and for other purposes," and adding thereto the names of persons who are entitled to be registered and to vote; provided, that in said revision a new affidavit will not be required of those already registered, except where there is good reason to believe that the voter has gone into polygamy since the last registration. Said Judges are hereby constituted a Board of Canvassers for said election in their respective municipalities, and shall make returns thereof to the Secretary of the Territory, who is hereby authorized and directed to issue certificates of election to the persons who, being eligible, appear by said returns to have been elected; provided, that in municipal corporations having more than one election precinct the Judges of one of said precincts will be designated to receive the canvass of all the others, and make returns thereof to the Secretary of the Territory, who is hereby authorized to issue certificates of election to the persons who, being eligible, appear by said returns to be elected as heretofore provided.

It is further ordered that the order of October 19, 1882, relating to municipal elections, be and the same is hereby rescinded.

ORDER

OF THE COMMISSION, ADOPTED JULY 2, 1883.

A communication was received from the Hon. John Sharp, Chairman Peoples Territorial Central Committee, was submitted by the Chairman, asking answers to the following questions: "Will voting for, at the next general election in this Territory, candidates for the offices of Territorial Treasurer, Auditor of Public Accounts, Superintendents of District Schools, and Commissioners to locate University Lands, upon the same ballots, with candidates for members of the Legislative Assembly, and County and Precinct offices, invalidate such ballots entirely; or will such ballots be counted for members of the Legsslative Assembly, and for County and Precinct offices, and the voting for candidates for Territorial offices be treated as surplusage?"

After careful consideration by the Commission, ordered: That the Secretary of the Commission is directed to state in reply thereto, "that ballots voted at the coming election (August 6th, 1883) containing the names of candidates for other offices than those designated to be filled by the Commission, will be rejected and not counted for any purpose."

ORDER

OF THE COMMISSION, ADOPTED AUGUST 14, 1883.

1. In pursuance of the provisions of Section 9 of an act entitled "An Act to amend section 5352 of the Revised Statutes of the United States, in reference to bigamy and for other purposes," the following named persons, viz: "Arthur L. Thomas, the Secretary of the Territory and ex-officio Secretary of this Commission, is hereby appointed and authorized to issue certificates of election to each of said persons so ascertained to have been elected.

2. The Commission will fill by appointment all vacancies in said Board of Canvassers, that may occur by failure to accept, or from other causes.

3. The canvass of the returns for members of the Legislative Assembly will be made by this Commission, which will issue certificates of election to those persons who, being eligible for such offices, shall appear to have been lawfully elected.

ORDER

OF THE COMMISSION. ADOPTED AUG. 24, 1883.

WHEREAS it has been brought to the attention of this Board that a candidate voted for, for a County office, and another for the Council of the Legislative Assembly, each having received the highest number of votes for said offices respectively, at the election held on the sixth day of August, 1883, are polygamists. Therefore,

Resolved, That this Commission will meet at their rooms in Salt Lake City, on the fifth day of October next, for the purpose of considering these, and any other cases of like character, that may be presented.

Resolved, further, that charges of ineligibility against any officer elect must be submitted in writing, and sworn to, (either positively or from information and belief,) and be filed with the Secretary of the Commission, on or before the 15th day of September, 1883, who will notify the complaining party, and the accused party, to appear before the Commission, at the time and place to be designated, and adduce their evidence.

A LETTER.

SALT LAKE CITY, UTAH, August 24th, 1883.HON. H. M. TELLER, *Secretary of the Interior, Washington, D. C.:*

SIR—I have the honor to inform you that the Report upon the Registration of voters in June last, the election for Members of the Legislative Assembly, and other officers, held on the 6th day of the present month, in this Territory, and the full proceedings of this Commission in connection therewith, will, from necessity, be delayed for a time. However, we think it will be proper to say now, in advance of our regular report, that the law known as the “Edmunds Act,” so far as we have been responsible for its execution, has been carefully, but rigidly enforced this year, as it was last. No person living in polygamy has been permitted to vote at any election, or to be voted for, for any office; and while only three convictions in prosecutions against polygamists under the Act of 1862, have been secured, nearly or quite fifteen thousand persons have been disfranchised on account of polygamic practices, through the operations of the law as administered by this Commission.

Ten suits for damages have been instituted against the Commission, by certain Mormons whose names were rejected at the first registration, and who were not permitted to vote at the election in November, 1882, because they refused to comply with the Rules and Regulations, prescribed under the law by the Commission, for the proof of the eligibility of all voters. It is understood that these suits have been brought for the purpose, primarily, of testing the constitutionality of this law, and secondarily, to determine the legality of our acts thereunder.

The first hearing in these cases will be had early in October.

It is deemed advisable to withhold our regular report until the court here shall have heard and passed upon these cases.

Moreover, certain phases of the general situation here have presented themselves through the recent election, and in other ways, in the present year, which will require to be carefully considered before the Commission will be prepared to make the full and comprehensive report which the President and Congress will undoubtedly desire, and the Commission will wish to make. Such a report will be prepared and forwarded, in ample time for the use of the President in communicating with Congress at the commencement of its session, in December next.

Very respectfully, your obedient servant,

ALEXANDER RAMSEY.

By order of the Commission.

ANNUAL REPORT.

WASHINGTON, D. C., October 30, 1883.

SIR : The Board of five Commissioners appointed by the President under the provisions of the act of March 22, 1882, entitled "An act to amend section 5352 of the Revised Statutes of the United States in reference to bigamy, and for other purposes," respectfully submit the following report:

Before proceeding with the account of the transactions of the Board since our last report to the Interior Department, we deem it advisable to make a brief statement of the former legislation of Congress in relation to bigamy or polygamy. There is no doubt that "plural marriage" was practiced to a considerable extent among the Mormons from the time of their first immigration to the Great Salt Lake Valley in 1847. It was in 1852 that it was first publicly proclaimed as a tenet of the church by alleged "divine revelation" by Brigham Young, president of the church, and governor of Utah Territory under the appointment of President Fillmore.

After the lapse of ten years, namely, on July 1, 1862, an act was passed by Congress which provides that "every person having a husband or wife living, who marries another, whether married or single, in a Territory or other place over which the United States have exclusive jurisdiction, is guilty of bigamy, and shall be punished by a fine of not more than \$500, and by imprisonment for a term not more than five years."

Under this law there have been very few convictions, not more than three, as we are advised, for a period of over twenty years, which is due largely to the fact that a great majority of the community are in sympathy with the accused. In this connection we deem it proper to say that no reflection is intended to be cast upon the judges or other officers of justice in Utah appointed by the Government. Doubtless they have done the best they could with such means and legal measures as were furnished by the Government.

The law of March 22, 1882, is much more comprehensive. In addition to repeating the same penalty for entering into the polygamic relation, it amends the former law by providing a penalty "against any man who simultaneously, or on the same day, marries more than one woman," such cases having occurred in Utah, and the former law not providing for such "simultaneous" nuptials. Also, the present law provides a penalty for "unlawful cohabitation," which was intended to meet the case of a continuance of the polygamic relation, for it was held by the courts, under the former law, that a man living in a polygamic relation could not be convicted after the three years' statute of limitations had expired from the time of entering into the plural marriage. Besides, new sections are introduced into the present act relating to the qualification of jurors, amnesty to offenders, and the legitimation of children born before January 1, 1883.

With the execution of those provisions of the act thus far adverted to, this Commission have nothing to do; and there is a general misapprehension in the public mind as to the extent of our authority, which, though important and difficult of execution, is much more circumscribed and limited than many suppose. Our whole authority is set forth in the ninth or last section of the law, which is to be construed in connection with the preceding section, and perhaps some other sections of the act.

The eighth section provides that—

No polygamist, bigamist, or any person cohabiting with more than one woman, and no woman cohabiting with any of the persons described as aforesaid in this section, in any Territory or other place over which the United States have exclusive jurisdiction, shall be entitled to vote at any election held in any such Territory or other place, or be eligible for election or appointment to, or be entitled to hold any office or place of public trust, honor, or emolument in, under, or for any such Territory or place, or under the United States.

The ninth and last section is as follows:

SEC. 9. That all the registration and election offices of every description in the Territory of Utah are hereby declared vacant, and each and every duty relating to the registration of voters, the conduct of elections, the receiving or rejection of votes, and the canvassing and returning of the same, and the issuing of certificates or other evidence of election, in said Territory, shall, until other provisions be made by the legislative assembly of said Territory, as is hereinafter by this section provided, be performed, under the existing laws of the United States and said Territory, by proper persons, who shall be appointed to execute such offices and perform such duties by a Board of five persons, to be appointed by the President, by and with the advice and consent of the Senate, not more than three of whom shall be members of

one political party, and a majority of whom shall be a quorum. The members of said Board so appointed by the President shall each receive a salary at the rate of three thousand dollars per annum, and shall continue in office until the legislative assembly of said Territory shall make provision for filling said offices as herein authorized. The Secretary of the Territory shall be the Secretary of said Board, and keep a journal of its proceedings, and attest the action of said Board under this section. The canvass and return of all the votes at elections in said Territory for members of the legislative assembly thereof shall also be returned to said Board, which shall canvass all such returns and issue certificates of election for those persons who, being eligible for such election, shall appear to have been lawfully elected, which certificates shall be the only evidence of the right of such persons to sit in such assembly: *Provided*, That said Board of five persons shall not exclude any person otherwise eligible to vote, from the polls on account of any opinion such person may entertain on the subject of bigamy or polygamy, nor shall they refuse to count any such vote on account of the opinion of the person casting it, on the subject of bigamy or polygamy, but each house of such assembly, after its organization, shall have power to decide upon the election and qualifications of its members. And at or after the first meeting of said legislative assembly, whose members shall have been elected and returned according to the provisions of this act, said legislative assembly may make such laws, conformable to the organic act of said Territory, and not inconsistent with other laws of the United States, as it shall deem proper concerning the filling of the offices in said Territory declared vacant by this act.

It will thus be seen that the duties of this Commission appertain only to matters of registration and election and eligibility to office, while the punishment of the crime of polygamy is left, as under the former law, to the courts of justice.

Nor are we invested with legislative authority. Our powers are of a quasi-judicial and administrative character. But from the general terms of many parts of the act, we have been obliged to exercise a considerable latitude of discretion to make the act effectual, confining ourselves within the limits of the law, according to our best judgment.

We have heretofore communicated to the Department of the Interior the difficulties we encountered on entering upon our duties last year; also the measures we adopted for excluding polygamists from registration and from the polls, and that we had excluded some twelve thousand men and women from registration and voting by reason of their disqualification under this act. Pursuing the same policy, we have had equal success at the general election held on the 6th of August, 1883, in excluding polygamists from the polls.

The theory of the act of March 22, 1882, appears to be this: that a discrimination between those Mormons who practice polygamy and those who do not, placing a stigma upon the former and depriv-

ing them of the right of suffrage as well as the right to hold office, while, on the other hand, an inducement is held out to the latter class, that by abstaining from the polygamic relation they will enjoy all the political rights of American citizens, would in time have the effect of inducing great numbers of the Mormon people to refrain from plural marriage.

While such considerations are not likely to have much effect upon the elderly men who already have a plurality of wives and several families of children, they must have great weight with the young men of the Territory, many of whom are ambitious and aspiring, and would not like voluntarily to embrace political ostracism.

The leading Mormons, who are generally in polygamy, evidently perceive this tendency; and, therefore, ever since the passage of this act, they have assiduously taught their people that this measure is transient, and that it will soon be set aside by the Federal courts or by the action or non-action of Congress.

So far as we are advised, very few, if any, illegal votes have been cast in Utah since the Commission took charge of registrations and elections in August, 1882.

As to the declared objects of the act of Congress as therein set forth, so far as appertains to our duties, it is not denied that the operation of the act has been eminently successful; that is to say, the polygamists have all been excluded from the polls and from eligibility to office. Considering that during the twenty years since the anti-polygamy act of 1862 was passed, the penalties of that law have been enforced against not exceeding three persons, it would seem that in the enforcement of the present law against some twelve thousand polygamists who have been excluded from the polls, it must justly be regarded that the act has been fully and successfully executed.

Before passing from this topic, we deem it proper to observe that no person well informed in regard to Utah affairs, could reasonably have expected, at the passage of the act, that there would be an immediate change in the political situation, nor that it would have an immediate effect in destroying the practice of polygamy; but the act must necessarily have a strong influence in that direction. The very existence of the law disfranchising the polygamists must tend to destroy their influence, whenever it is understood that this is to be a permanent discrimination. Those Mormons who have the

ballot will after a time be conscious of a power which they will be unwilling to use forever at the bidding of those who have it not. The fact, also, that it will be necessary to the preservation of the political influence of the "People's party" (as the Mormons style themselves) to have a large body of their members who are not polygamists, must tend in time to weaken the practice of polygamy, for every married Mormon who takes but one plural wife loses three votes for his party—his own and those of his two wives (woman suffrage being established by law in Utah). Another consideration, already adverted to, the influence upon the young men and the rising generation, is entitled to great weight. Seeing all the offices of honor, trust, and profit, such as Delegate to Congress, members of the legislative assembly, probate judges, clerks of the county courts, sheriffs, and others, many of them quite lucrative, held by monogamists, while polygamists are wholly excluded, the aspiring young men of the Territory would present an anomaly in human nature if they should fail to be strongly influenced against going into a relation which thus subjects them to political ostracism and fixes on them the stigma of moral turpitude.

The difficulty of the situation can be better understood from the fact that among the orthodox Mormons of Utah polygamy is a part of their religious faith, and while but a small per cent. of the whole adult Mormon population have actually entered into the polygamic relation, yet all the faithful believe in it as a divine revelation. The Mormons believe in the Old Testament, the New Testament, and a great deal besides, namely, the Book of Mormon, and divers so-called revelations claimed to have been received by the prophet Joseph Smith and his successors, Brigham Young and John Taylor, which are mostly printed in their Book of Doctrine and Covenants. Among these so-called revelations is one in favor of a plurality of wives.

That a doctrine and practice so odious throughout Christendom should have been upheld so many years against the laws of Congress and the sentiments of the civilized world, is one of the marvels of the nineteenth century, and can be scarcely appreciated even by those who are familiar with the world's history in relation to the difficulties of governmental control or suppression of religious fanaticism.

Certainly, no government can permit a violation of its laws under the guise of religious freedom; and while Congress may not legis-

late as to mere matters of *opinion*, yet it may denounce and punish as crimes those *actions* which are in violation of social duties or subversive of good order. It was upon this principle that the Supreme Court of the United States held the anti-polygamy law of 1862 to be valid and constitutional. (Reynolds vs. The United States, 8 Otto.)

The right of Congress to suppress this great evil is undoubted. It is equally plain that the dignity and the good name of this great Government among the nations of the earth demand such Congressional action as shall effectually eliminate this national disgrace.

In our report of November 17, 1882, we made several recommendations, which were substantially incorporated into Senate bill No. 2238 of the last session of Congress, reported by the Judiciary Committee, December 13, 1882. This bill, however, contains some other provisions besides those mentioned, and we hope that the proposed measure as a whole will receive the favorable consideration of Congress at its next session. The recommendations above referred to—re-submitted as a part of this report—are as follows:

In our judgment, a marriage law enacted by Congress would be an efficient auxiliary in the suppression of polygamy. It is asserted and generally believed by non-Mormons in this Territory that plural marriage is still practiced here in secret. We would recommend that Congress enact a law declaring all future marriages in this Territory null and void unless they are contracted and evidenced in the manner provided by the act. For example: that all marriages shall be solemnized in certain designated public places, and witnessed by such persons and registered in such public offices as to make the proof of marriage morally certain; providing, also, that the person officiating in the marriage ceremony, together with the parties and witnesses, shall make their affidavits against polygamy, and set forth the time and place and other particulars relating to the marriage, or allow marriages to be solemnized in private, but with the like guarantees of registration, affidavits, witnesses, etc., and in either case providing penalties for violation of the act by any of the persons concerned therein. In making this suggestion we omit the details, which can readily be supplied by reference to the marriage acts of most of the States.

In our former report we adverted to the law of this Territory conferring on women the right of suffrage. This law was enacted by the Territorial legislature some twelve years ago. Of course, it is competent for Congress to repeal or annul this law. Without expressing any opinion on the question of women suffrage in general, we are satisfied that, owing to the peculiar state of affairs in Utah, this law is an obstruction to the speedy solution of the vexed question.

In the prosecution of polygamy cases here it is difficult to prove the first or legal marriage. We would suggest as a remedy that the first or legal wife be declared by act of Congress a competent witness in such prosecutions.

Under the act of Congress by virtue of whose provisions this Commission was appointed, the people of Utah appear to be put upon probation until a legislative assembly elected under the provisions of the act shall meet and pass the requisite laws concerning registration and election.

If, however, the next session of the legislative assembly, elected under the act of Congress, shall fail to respond to the will of the nation, Congress should have no hesitation in using extraordinary measures to compel the people of this Territory to obey the laws of the land.

The present legislature, chosen at the August election, is composed wholly of Mormons, none of whom, however, *live* in polygamy. This legislature will convene in January next. It will be their duty, under the act of 1882, to adopt measures, in conformity with the provisions of that law, for the suppression of polygamy. Whether the legislature will take such action, may not properly be discussed by us in advance of the opportunity given them by the law to do so. If they shall fail in this respect when the time shall come for them to act, this Commission will be prepared to recommend, and Congress certainly will not delay the adoption of, the most stringent measures compatible with the limitations of the Constitution that may be considered necessary for the suppression of this great evil. In view of the fact that this contingency might come, we have already given the subject of such further legislation much study and reflection, and will be ready at the proper time, if the case requires, to promptly present our views for the consideration of the President and Congress.

In the interim between the November election for Delegate to Congress and the general election in August, 1883, municipal elections were held in a number of cities and towns, under rules and orders of this Board.

But the most important election was that of August 6, 1883, a general election for members of the legislative assembly, probate judges, clerks of the county courts, assessors and collectors, county recorders, sheriffs, county treasurers, county superintendents of district schools, and other county officers, and many precinct officers, numbering in all nine hundred and sixty that were elected, all of whom, as well as all the voters, are monogamists.

In June, prior to the election, the Commission caused a revision of the registration to be made in all the precincts of the Territory, excluding all polygamists from the lists, an abstract of which, marked "A," page 65, is hereto appended.

The election was conducted, in general, in a quiet and orderly manner. The total number of votes cast was 21,961, against 27,923 at the last November election. The principal falling off in the vote was on the part of Gentiles, or Liberal party. In November the total vote of the People's (or Mormon) party was 23,039; Liberal, 4,884. In August, 1883, the total vote of the People's party was 20,508; Liberal, 1,453; from which it appears that large numbers of the Liberals refrained from voting, a fact much to be regretted, for the reason that it is believed that by proper effort and "good management," one or more non-Mormons might have been elected to the legislative assembly, who would have the opportunity of putting the majority on record.

In pursuance of the ninth section of the act of Congress, the Commission appointed a board of five canvassers to canvass the returns of the election, except those for members of the legislative assembly, which under the act are to be canvassed by this Commission.

After public notice in the newspapers, the said board of canvassers assembled, with the members of this Commission, at Salt Lake City, and the election returns were canvassed, the result ascertained, and certificates of election were awarded.

Recently some ten suits were instituted in the Third District Court of Utah, by Mormons, against the members of this Commission, complaining that they had been unjustly deprived of the right to register and vote. These are understood to be test cases, designed to contest the constitutionality of the Edmunds act, as well as the legal construction which we put upon its provisions. These suits are still undecided, and are likely to be appealed to the Supreme Court of the United States.

It has been asserted that polygamic marriages have increased since the passage of the Edmunds act; on the contrary, we have the opinion of many Mormons and non-Mormons that they have comparatively decreased since the passage of said act. After diligent inquiry, we believe the latter conclusion is correct. But the Utah legislature will have the opportunity of satisfying the country on this particular subject by passing such a public marriage act as that which we have suggested to Congress.

By this and such other legislation as we have indicated, they will give the Government assurance of their loyalty and patriotism, and avert a contest that cannot but result in their discomfiture.

In concluding this report we consider it proper to commend the zeal of the Governor of Utah in his efforts to enforce the law.
